

American Gem Society<sup>®</sup> credit card program from Wells Fargo\*

# Take a closer look at how it could help you

*“Our members benefit greatly from the private label credit card program issued by Wells Fargo. This program, specifically created for AGS members and their customers, offers customer financing with special features, such as competitive credit limits, attractive quarterly promotions, and volume rebates. The program is designed to drive traffic to AGS members’ stores, grow their business, and generate customer loyalty. It is, without a doubt, one of the most successful member benefits available to members of the American Gem Society and we are proud to offer them this important service.”*
